

Your reputation is being built after every visit. Build it on purpose.

ReviewWizard gives local businesses a branded QR feedback page: customers share privately first, you respond fast, and every customer is still invited to leave a public Google review.

1 Customer scans your QR

Mobile page loads with your business name — no app.

2 They share privately

You get the feedback by email instantly.

3 You respond first

Thank happy guests. Recover issues before they go public.

4 Everyone gets a Google invite

Same public invitation for every customer — policy-safe.

Happy customer

One-tap path to a public Google review while the experience is fresh.

Unhappy customer

You hear it first and can make it right — without blocking public reviews.

EVERYTHING INCLUDED
